SAFEGUARD Recruiting Case Study

Law Enforcement continues to be plagued with the dangerous phenomenon that agencies are unable to effectively recruit personnel. Utilizing cutting edge technology and a team of former law enforcement professionals, SAFEGUARD Recruiting continues to assist organizations in filling their open positions in a timely manner.

Our latest success involved a sheriff's department that needed to fill 50 openings in their correctional facility. They had dedicated a full-time recruiter and had been dedicated funding to various other recruiting campaigns without success. **They launched a starter campaign with SAFEGUARD Recruiting, dedicating \$1000 per month to the initiative.** The below results are from January 2023.

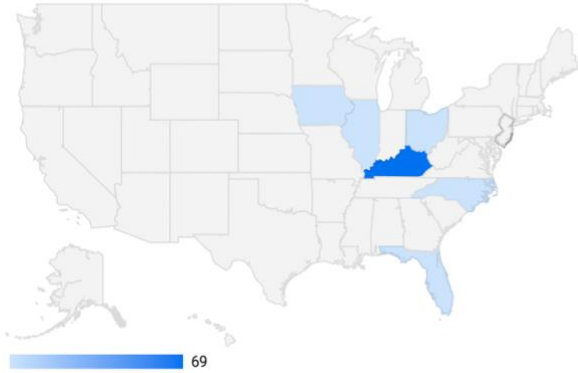

Campaign Cost	Candidate Leads	Cost Per Lead
\$1000	132	\$7.58

WHAT IS YOUR SAFETY WORTH?

SAFEGUARD Recruiting produces real results each and every time. Rather than focusing on “clicks” to your website, we actually go find candidates and bring them directly to you at a minimal cost compared to traditional marketing companies. We are owned and operated by former law enforcement professionals, and we are committed to bringing qualified applicants to your agency and community.

“SAFEGUARD Recruiting is the answer to today’s recruiting problems and will ensure that communities remain safe.”
